Juneau Hotel Burned

Seven Bodies Recovered \$50,000
Damage No Insurance

Monday morning at two o'clock, a fierce fire broke out in the Juneau Hotel at Juneau. The hotel and McGrath Block were burned down with a loss of \$50,000.00, none of which is insured. Seven bodies have been recovered and two victims are in the hospital fatally burned.

Big Time Coming

Next Saturday evening a free hard-time dance will be given at the cannery. No masks but oldest clothes will be the fashion. The worst dressed gentlemen will receive a prize of a \$7. pair of shoes and the worst dressed lady, \$5. cash.

The Philippine Orchestra is to furnish the music. All are cordially invited and a general good time assured.

A Long Hop.

Scientists tell us that a grasshopper can jump about 200 times its own length.

Foot Injured

Set Screw Catches Trousers
Wedges Foot Between
Shaft and Engine
Bed

While coming down the Stikine River last Friday with the Black Fox, Eddie Kalkins recieved injuries to his foot that will lay him up for some time. A set screw on the main shaft caught in the trouser leg winding up trousers and drawing the foot down between the shaft and the bed of the engine. As soon as the trousers caught, Kalkins threw over the reversing lever but not in time to stop the shaft from drawing his foot into the opening. The force was so great that a three eighths set screw was broken off. The foot was so wedged in that it was necessary to cut the clothing and shoe away before it could be released. The foot was bound up as well as possible and the journey to Wrangell and surgical aid was continued.

A Serious Matter.

School Notes

Anna Lewis, Correspondent

School opened Monday, Sept. 4th but as this was Labor Day, only one session was held.

In each department the school officers for the first month were elected, lessons for the next day assigned and the pupils dismissed for the day.

We are exceedingly grateful to the Board of Education for the improved conditions of the building, and the increased conveniences that we enjoy. The clean light airy rooms, comfortable seats and good black-boards are very much appreciated.

To our enrollment of last year we have added 18 new pupils a number who should be in school are out of town. The pupil who does not enter at the opening of school is placed at a disadvantage for the term and a drawback to the class. This is especially true of beginners, and the Primary teacher requests that all children who are of school age be entered at once.

The Seniors will shortly effect a class organization and elect class officers.

The class of 1912 expect to complete the 8th grade work and establish the custom of graduation and commencement day.

Listen for our "Yell" in the near future.

The new books consisting of 75 volumes have arrived and fill a much needed want. If you have books that you care to contribute pass them along to us and win our lasting gratitude.

Master Thor Hofstad is the proud possessor of a suit of long trousers and is wearing them to school which makes him look quite like a man.

Port Simpson

Hudson Bay Company's
Manager Comes From
Interior

The Hudson Bay Company's river steamer Port Simpson came down the river from Telegraph Creek, B. C., Friday evening, after her fourth and last trip of the season.

F. W. Thompson, Manager of the Hudson Bay Co. who has been in the interior since the first trip of the steamer, came down the river, the boat having waited a few days at Telegraph Creek, for his return from other Hudson Bay Posts.

The boat left Saturday morning for Prince Rupert and the Skeena River where she will ply the remainder of this season.

Dislocates Hip

Gas Stolpe Sustains Severe
Injury Result of Fall

Last Thursday evening, while walking across the deck of the Wrangell Sawmill Company's tug boat, Alaska, Gust Stolpe, who is employed by that company, tripped and fell dislocating his hip. As soon as the boat made port, Capt. Saundersan secured medical attendance and the injured man was taken to the Wrangell Hotel by the tugs crew.

At Last.

A well known clergyman, called to other duties, says a writer in the Western Christian Advocate, preached his last sermon before the installation of his successor. The local paper, in announcing the order of services, gave it as follows:

"Sermon by the Rev. Blank; solo and quartet, 'Hushed at Length.'"

School Opens

"Hurry And Get A Good
Seat"

Monday morning, saw a great bustle on Wrangell's streets. Boys and girls with books under their arms or dangling from a strap were hurrying from all directions toward the school building.

"Hurry 'n get a good seat" was heard from one enterprising youngster, as he turned from Front St. and started up the hill.

Marshal Fels Catches Peddlers

Marshal Fels, of Petersburg, while taking two Japs to Juneau on the Dolphin arrested Mike Gregaroff, who, while going north on the same boat, gave liquor to natives.

Gregaroff is an old offender, having just been released from jail at Ketchikan after a sentence for the same offence.

The Mysterious Disappearance of a Dead Goose

During Our Hunting Trip to Brown's Island

There were in our crowd a social bunch

And all of hunting fame,
And so as I recite them

You will recognize their names.
There was Doctor Shurick

Whom we know of medical fame
And there also was a tailor

Irving was his name,

But don't forget Fred Emerson,

A member of the crowd,

Who had his time a shooting geese

With his gun a barking loud.

But what do you think of

Jackson and Cunningham, Bing!

Bing!

Why they were killing ducks and geese

To supply the old Red Wing.

But after all the shooting

A strange thing came to pass.

Fred Emerson went to get a goose

That he had left in the grass

But the Phantom goose had gone away;

I guess to see his brothers.

So Fred was surely mystified

But gathered up the others.
